“ I’ve never seen anything like this.”

It’s what people say when they visit Geremarie’s manufacturing facility. We design and manufacture world class aluminum components. Especially parts that don’t exist yet. Our technology, processes, and people make parts beautiful enough to crown luxury watercraft and exact enough to soar through the skies. The only thing more beautiful than our parts is the way we make them.

WE DO IT BECAUSE WE LOVE IT

We invest in the latest machine technology and tools to deliver high-capacity speed and precision manufacturing. Our facility is 100% integrated to maximize efficiency. We do it to deliver the best quality, speed, and value to our customers.

WE DON'T JUST MANUFACTURE PRODUCTS, WE MANUFACTURE SOLUTIONS

While the facility is automated, computer guided, and process driven, exceptional people are needed to design and monitor an exceptional process. Input comes from every level. From our product design team’s obsession with creating the best possible process for every aluminum part, to our systems engineer’s exhaustive and iterative design of our complete facility, to the workers on the floor who are incentivized to contribute ideas that save a second and reduce waste, we move the needle for our customers.

WE ARE ALWAYS LOOKING FOR GREAT PEOPLE

We believe we’ve got one of the best teams in the world. Accountable, responsible, committed, passionate, flexible, reliable, resourceful, and a positive team player are a few of the key attributes we strive for in our team.

If you’re driven to produce world-class aluminum products, then let’s start a conversation.

MILLING

FLEXIBLE MANUFACTURING SYSTEMS
PALLET FMS SYSTEMS
ROBOTICS
VERTICAL: HAAS VF7, VF6, VF4 SS, VF2 SS; OKUMA MB66V, M560V
HORIZONTAL: OKUMA MB8000, MA600H, MB4000H

LATHE

MULTUS LATHE MULTI TASKING U4000BB
LATHE LB3000EX
ROBOTICS
TSUGAMI SWISS B0285 AND B0385
HAAS SL30

FABRICATION

BYSTRONIC 5200 LASER
BYSTRONIC BREAK PRESS
BAYKAL BREAK PRESS
TUBE BENDER
MILLER DYNASTY 350/700 SERIES MIG AND TIG WELDING
FULL ASSEMBLY LINE

FINISHING

BURRRING PERIPHERAL BRUSHING
BURRRING VIBRATORY DEBURRING
LISSMAC SURFACE GRINDING
BALDOR METAL POLISHING
FULL POWDER COATING LINE

ANODIZING

FULL IN HOUSE ANODIZING LINE – LARGEST IN THE COUNTRY.
BRIGHT DIP, MICRO ETCH, BLACK, RED, CLEAR, GREY

ADDITIONAL

TECHNIKS SHRINKPRO SYSTEM
ZOLLAR SMILE TOOL PRESETTER
FOBA LASER MARKING
ZEISS CMM
AUTOMATED INVENTORY AND CONVEYOR SYSTEM
